O DECISIONS ANNOUNCED-THE CASE OF LONG

AGAINST LOCHREN TO COME UP TO-DAY, Washington, Oct. 12.-The Supreme Court of the Washington, Oct. 12.—The Supreme Court of the Court of th cants for admission to the bar of the court, whose claims were duly passed upon. After these and other formal matters had been disposed of, the Court, with-out announcing any decisions or transacting any urther business, adjourned to pay its respects to the President at the White House. This is a custom which has been followed since the foundation of the Government. It has only twice been broken, and was last year and the year before, when Presient Cleveland did not return from his summer vacation in time to receive the Court. The distinguished jurists were accompanied to the Executive Mansion by Attorney-General Harmon and Solicitor-General Conrad. Their greeting by the President was cordial. but beyond interchange of vacation reminiscences nd personal good wishes, nothing of public interest

ng the motions to be submitted to-morrow is ne by Solicitor-General Conrad to dismiss the famous ase of Long agt. Lochren. This was a suit by Judg ong, of the Michigan Supreme Court, for a writ of Long, of the Michigan Supreme Court, for a writ of mandamus against Pension Commissioner Lochren, to compe, him to restore the rate of pension granted to tim by a former commissioner, \$72 a month, which Lochren had reduced to \$50. The case was fought through the District courts, the judgment in each case being adverse to Long. The ground upon which the Solicitor-General bases his motion to dismiss is that the defendant, Lochren, having resigned his office as Commissioner of Pensions, the proceeding office as Commissioner of Pensions, the proceeding actates. Judge Long's attorney in the case, F. A. Baker, is managing the Democratic campaign in Michigan, and up to this afternoon he had filed no brief in response to the motion of the Solicitor-General. No doubt is felt that the motion to dismiss will The calendar for to-morrow is as follows: Nos. 2, 4, 5 (and 6 and 7), 8, 9, 10 (and 16), 11 (and 129 and 30), 12, 14 (and 15).

NOT MADE BY CONVICT LABOR.

THE WATER PURVEYOR DENIES THAT IMPORTED PAVING-STONES ARE CUT IN ENGLISH PRISONS.

The custom of the Public Works Department to import Belgian blocks for street paving in this city has been criticised of late, it being argued by some people that the great quarries of this country ought to furnish all the paving-stone needed in

About 15,000 Belgian blocks arrived by an American Line steamer a few days ago, and are now up on the wharf awaiting removal. plied up on the wharf awaiting removal. The blocks are each marked with a large red "M," and a story has been circulated that the "M" is an English prison quarry mark.

Water Purveyor E. P. North, when asked about the rumor yesterday, said: "The blocks are imported. They are without grain such as our granite blocks have, and are more durable than any here. They are not cut in English prisons, however, but come direct to us from Beigium. They will be used in West-st., Froadway and Canal-st., where the heaviest trucking is."

A SMALL FIRE AT R. G. DUN'S HOUSE.

Two engines and two hook and ladder trucks ratup to the five-story brownstone dwelling No. 261 Madison-ave., owned and occupied by R. G. Dun, of R. G. Dun & Co., at 3:30 o'clock yesterday afternoon. The alarm was sent out because of a chimney fire in Mr. Dun's house. The fire was due to a de fire in Mr. Dun's noise. The life was the feetive flue leading from the heater in the cellar. A fire was started in the heater yesterday, because of the sudden drop in temperature. The flames were quickly extinguished, and there was no damage whatever to the building or its contents.

STOLE FROM CHARLES BROADWAY ROUSS. Otto Schubert, fifty-one years old, who says that he is a respectable business man of Elizabeth, N. J., was arraigned in Jefferson Market Court, before Magistrate Wentworth, yesterday afternoon, on a charge of larceny preferred by Harry Irvin, a clerk Charles Broadway Rouss's store. Schubert in Charjes Brondway Roberts and that he did not know what had moved him to steal. He took from the store four holts of elastic, two dozen spools of sewing silk, two dozen bone halrpins and some ordinary papers of pins, of the aggregate value of \$7.2. Magistate Wentworth held Schubert in \$300.

MORE GOLD FOR NEW-YORK.

Gold to the amount of \$500,000 was withdrawn from the Bank of England yesterday for shipment to New-York. Muller, Schall & Co. will receive \$125,000 in gold by the steamship Yumuri from Cuba next week. Exchange has strengthened, and imports of gold from Europe are likely to be checked.

A SHIPPING FIRM TO DISSOLVE.

Jimenes, Haustedt & Co., shipping and commission nerchants at No. 101 Pearl-st., with a branch in Hayti, have been a leading firm in the trade with that country for many years, and were reputed to have a capital of more than \$400,000. Johannes A. Haustedt, who had been a partner since 1884, died in last, and since then his interest has been ontinued in the business by his estate. Oscar Huttlinger has been a partner in the firm since 1891. Since the death of Mr. Haustedt the management of the business has been in the hands of Mr. Hutt-

Testerday Gruber & Bonynge, on behalf of the mecutors of the estate of Mr. Haustedt, began proceedings for the dissolution of the firm and the intment of a receiver, and they obtained a tem-

porary injunction against Mr. Huttlinger restraints ing him from the further management or control of the business, the order to show cause being returnable on Friday next. Abraham Gruber said that the firm was in no financial difficulty whatever, that the case was simply for the discountion of the partnership, as the executors of the estate of Mr. Haustedt were dissatisfied with Mr. Huttlinger's management of the business, and wanted to have their interest determined.

SIR RODERICK CAMERON SUES.

HE WANTS TO RECOVER \$135,000 FOR AN ALLEGED VIOLATION OF CONTRACT.

In the Supreme Court yesterday afternoon Justice Russell granted a motion made on behalf of Sir Roderick Cameron to appoint a commission to take the oral testimony of Annie W. Wright and several other witnesses in a suit brought against Wright by Sir Roderick to recover \$135,000, with interest from March 12, 1892, for breach of contract. Sir Roderick says that Wright agreed to sell him 2,000 Roderick says that Wright agreed to sell him 2,000 shares of stock of the North Star Construction Company for \$33 a share, but subsequently, in violation of his contract, sold them to another party. He alleges that the mass of evidence in the case is composed of telegrams and letters, and says that as the original telegrams cannot now be procured, an oral examination of the defendant, who lives at Alma, Mich., and a number of other witnesses is necessary.

ELLINGSWORTH GOES FREE.

Joseph Ellingsworth, the pugilist, was put on trial yesterday before Judge McMahon in Part I, General Sessions, for assault. The alleged assault occurred in McGinty's saloon, at Second-ave. and Sixty-third-st., on Sunday a month ago. The complaining witness was John Heddington, the bartender in the who testified that the accused man struck him on the head with a bottle, hit him in the eye, and knocked him down with a chair. Counsel for the puglist got Heddington tangled up in his testimony, and brought out the fact that the excise law was being violated when the fight occurred. Judge was being violated when the light occurred. Junge McMahon instructed the jury to acquit the defendant, which was done.

Joseph Ellingsworth is a brother of the Deputy-Sheriff of that name, who was in charge of ex-Police Inspector William W. McLaughlin at the latter's first trial, and allowed McLaughlin to spend a night in a Turkish bath instead of in the Tombs.

Policeman Thomas O'Conneil, of the Morrisania station, while patrolling his post about 2:30 o'clock yesterday morning, found a man sleeping in the doorway of No. 551 East One-hundred-and-thirtyfourth-st. He roused the sleeper, who immediately dew a revolver and fired five shots at the police-man. Fortunately none of the buliets took effect. The man, after a struggle, was subdued and locked up. At the station he described himself as John Henry, twenty-three years old. He said he was a bartender, but would not give his address.

THOUGHT TO HAVE COMMITTED SUICIDE. Captain William H. Mott, a well-known oyster lealer, fifty-five years old, of Rockville Centre, was drowned from his oyster boat, off Lynnbrook, Long Island, on Sunday. It is believed that Mott com-mitted suicide. When the body was discovered it was floating head downward in the water, with a line made fast around both feet. Captain Mott owned considerable property, and had been engaged in the oyster business for a great many years. He also owned several large sloops and oyster beds. He was a prominent member of the Methodist Episcopal Church at Rockville Centre, and is believed to have worried greatly over an unfounded charge that he had taken oysters from beds not his own.

CONTROLLER FITCH SUSPECTS A DEAL. Controller Fitch is opposed to the plan of Gen-eral Collis, of the Public Works Department, to have all the electric-light poles changed from combinations of wood and iron to all iron poles. The Controller said yesterday that the iron poles are patented, and would cost the electric-light companies at least \$80 apiece to use them-involving about \$250,000 in all.
"It is a deal worth almost half a million dollars."

added Mr. Fitch, "and if it had been proposed by Michael Daly or any other Tammany Commissioner a great hue and cry would have been raised against it. There is no necessity for the proposed change, and I shall feel compelled to vote against the proposition."

The proposed change will be fully discussed to-day at the Gas Commission meeting.

THE ALEXANDER HAMILTON TREES.

The question of the Park Board designating some plo in one of the public parks of the city for the planting of thirteen "Alexander Hamilton trees," representing the thirteen original Colonies, was brought forward for discussion at yesterday's meeting of the Commis-sioners. It was represented that the original trees planted by Alexander Hamilton were dying or dead. The Board deferred action in the matter.

The matter of the new Simon Bolivar statue, which has been under discussion for some time, was again has been under discussion for some time, was again brought to the attention of the Board. No definite action was taken as to the gift of the Caracas Government, but the sense of the meeting was that the opinion of the National Sculpture Society as to the new statue being an acceptable work of art should be regarded as a criterion in the matter. There will be a further discussion of the matter at the next meeting of the Park Board.

WARING NO COLLECTING AGENCY.

Colonel Waring, of the Department of Street Cleaning, does not regard himself as a collecting for people who have claims and accounts against his employes. He issued a "To whom it may concern" circular yesterday, saying that so many requests had been received asking the Department's intervention in the matter of the col-lection of debts that it became necessary to say that neither the Commissioner nor his subordi-nates have control over the compensation paid the men, and that he does not propose to exercise any authority in such matters. Employes will be ex-pected to maintain the dignity of the Department and discharge their obligations within a reasonable time, but the Department will induke in no threats against them, and creditors' letters asking its in-terference will receive no attention hereafter.

COAL PRICES NOT LIKELY TO GO HIGHER. The recent cold weather has made an active de mand for coal, with prices a trifle higher. The feelseems general in coal circles that no further advance in prices will be made this year. view confirms the statements in that direction already made by some of the large representative interests. Edwin R. Holden, the vice-president of the Delaware, Lackawanna and Western Railroad Company and general manager of its coal departcompany and general manager of its coal department, said yesterday: "The demand for coal from us is heavy at present, so much so, in fact, that we cannot supply the demand. If we had 50 per cent more coal to market, we could place it all on the demand. There is no change in prices, and I do not think there will be any."
